Massillon, our home, *Five Oaks* was designed by the noted Cleveland architect Charles F. Schweinfurth and built 1892-1894 for Mr. and Mrs. J. Walter McClymonds at a cost of \$200,000. The name was adopted from five oak trees that stood on the lawn.

An oak motif, employing designs of the acorn, leaf, and tree, is used extensively in the house.

Today, *Five Oaks* is on the National Register for Historic Homes and is a treasure located in historic Massillon for all to enjoy and experience
